

8th Grade Pats Peak Ski & Snowboard Program

The Stratham Recreation Department is excited to offer a CMS 8th Grade Ski & Snowboard Program at Pats Peak, Henniker, NH. This is a five (5) week program and is being offered to all 8th Grade students in the SAU#16. This program is *NOT* geared towards a student who has never skied or snowboarded before. This program is *not* setup to be a beginner "learn to ski/ride program", but geared towards students who are already comfortable skiing/riding green &/or blue trails and to the more advanced skier and snowboarder. The students in the Pats Peak Ski & Snowboard Program will be skiing and snowboarding without constant adult supervision during the time at the mountain. Luxury bus accommodations are provided to and from the mountain. All students **MUST** ride the bus from CMS to Pat's Peak.
